Personally designed and prescribed by our practitioners, tracked with AI-powered scans, to help you thrive inside and out.

01 Peptide Therapy

MONTHLY
3-MO MIN

SIGNATURE BLENDS

Glow · GHK-Cu · BPC-157 · TB-500 **\$349**
/ MONTH

Skin quality, hair, collagen and whole-body anti-inflammation with tissue recovery.

Wolverine · BPC-157 · TB-500 **\$349**
/ MONTH

Deep soft-tissue repair and injury recovery — tendons, ligaments and gut lining.

SINGLE PEPTIDES

GHK-Cu · Copper **\$299**
/ MONTH

Skin remodeling, collagen synthesis and anti-inflammatory support.

BPC-157 **\$299**
/ MONTH

Gut, tendon and soft-tissue repair; a foundational recovery peptide.

CJC-1295 / Ipamorelin **\$299**
/ MONTH

Growth-hormone support for sleep, recovery and body composition.

SPECIALTY & AS NEEDED

Offered on their own — no three-month minimum.

NAD+ · *specialty* **\$299**
/ MONTH

Cellular energy, mitochondrial function and longevity support.

PT-141 · *as needed* **\$250**
/ COURSE

Libido and sexual-wellness support, dosed on demand.

Melanotan · *as needed* **\$250**
/ COURSE

Tanning and photoprotection support, dosed on demand.

02 Weight Loss & Metabolic

PHYSICIAN
TITRATED

GLP-1 PROGRAMS

Reta Reset · Starter · **\$399**
first-time only / 4-WK START

A four-week introduction to assess response and establish tolerance before the full arc.

Tirzepatide · 12-week **\$1,199**
/ PROGRAM

Dual-pathway GLP-1 / GIP for appetite regulation and steady metabolic change.

Retatrutide · 12-week · 8 mg × 3 **\$1,499**
/ PROGRAM

Triple-pathway next-generation GLP-1 for the deepest transformational arc.

EXPANDING THE MENU

Tesamorelin **\$299**
/ MONTH

Targets visceral fat with growth-hormone support; strong metabolic profile.

Sermorelin **\$299**
/ MONTH

A gentler growth-hormone secretagogue for sleep, recovery and vitality.

MOTS-c **\$299**
/ MONTH

Mitochondrial-derived peptide for metabolic efficiency and endurance.

KPV **\$299**
/ MONTH

Gut and systemic anti-inflammatory support; pairs well with recovery protocols.

03 Membership Club

COMMITMENT
TERMS

GLP-1 LONGEVITY

Nourish Microdose GLP-1 Longevity Club · **\$229**
/ MONTH

4-month

At-home microdose Tirzepatide up to 2.5 mg per week — medication included. 90 minutes monthly of live, virtual longevity and clinical group expertise.

Retatrutide Membership · 3–4 mg/wk **\$449**
/ MONTH

Monthly vial shipped to your door, physician-directed dose titration, an AI body composition scan at each visit, and priority access to future offerings.

LONGEVITY & BEAUTY BANK

10% Member · 3-month **\$199**
/ MONTH

10% off all treatments, including hormone management.

15% Member · 3-month **\$299**
/ MONTH

15% off all treatments, including hormone management.

MEN'S HEALTH

Enclomiphene Optimization · 3-month **\$199**
/ MONTH

Physician-managed testosterone optimization for men.

VITAMINS & IV

Vitamin Boost Bundle · **\$200**
pack of 8 / BUNDLE

A personalized variety pack of eight sub-q vitamin shots.

Memberships. Single-peptide and blend protocols are billed monthly with a three-month minimum, continuing month-to-month until paused. **Physician-directed.** All protocols require an eligibility consultation and are prescribed and dosed by our clinical team. **Specialty & as-needed** protocols (NAD+, PT-141, Melanotan) carry no membership or minimum. **GLP-1 programs** are titrated over the window; the Reset Starter is available once, to first-time Retatrutide patients. **Nourish** includes microdose Tirzepatide up to 2.5 mg per week as prescribed; request your next supply as you near the end of your current vial to keep medication fresh. **Retatrutide Membership** includes retatrutide at 3–4 mg per week, monthly vial included; request a fresh vial as yours nears expiration. Effective July 2026 and subject to change. Flexible financing available through Affirm and Cherry.
